

Drawable

```
classDiagram
    class Drawable
    class Layout["Layout<Vertical>"]
    class SudokuPanel
    Drawable <|-- Layout
    Layout <|-- SudokuPanel
```

A UML class diagram illustrating inheritance. At the top is the 'Drawable' class. Below it is the 'Layout<Vertical>' class, which inherits from 'Drawable' as indicated by a vertical arrow pointing upwards. At the bottom is the 'SudokuPanel' class, which inherits from 'Layout<Vertical>' as indicated by another vertical arrow pointing upwards.

Layout< Vertical >

SudokuPanel
